NG ENERGY OBTAINS RECEIPT FOR FINAL SHORT FORM PROSPECTUS

VANCOUVER, BC, April 28, 2022 – NG Energy International Corp. (the “**Company**” or “**NGE**”) (TSXV: **GASX**) (OTC: **GASXF**) is pleased to announce that it has obtained a receipt from the British Columbia Securities Commission (as principal regulator) for its final short form prospectus in connection with the proposed issuance and sale of up to 20,000 convertible debenture units (the “**Debenture Units**”) at a price of \$1,000 per Debenture Unit (the “**Offering Price**”) on a best-efforts, fully marketed basis, for aggregate total gross proceeds of up to \$20,000,000 (the “**Offering**”). The Offering is being co-led by Canaccord Genuity Corp. and Beacon Securities Limited (together, the “**Lead Agents**”) and includes Stifel Nicolaus Canada Inc. (together with the Lead Agents, the “**Agents**”).

Each Debenture Unit will consist of: (i) one 8% convertible unsecured debenture in the principal amount of \$1,000 (each a “**Convertible Debenture**”) maturing five (5) years from the closing of the Offering (the “**Maturity Date**”); and (ii) 400 common share purchase warrants of the Company (each a “**Warrant**”), with each Warrant entitling the holder thereof to purchase one common share of the Company (a “**Common Share**”) at an exercise price equal to \$2.00 for a period of five (5) years from the Closing Date (the “**Expiry Date**”).

The principal amount of each Convertible Debenture will be convertible, for no additional consideration, at the option of the holder, in whole or in part, at any time and from time to time, into Common Shares prior to the earlier of: (i) the close of business on the Maturity Date; and (ii) the business day immediately preceding the date specified by the Company for redemption of the Convertible Debentures upon a Change of Control (as defined in the indenture that will govern the Convertible Debentures) at a conversion price equal to \$1.70 per share, subject to adjustment in certain events.

The Company has granted the Agents an over-allotment option, exercisable, in whole or in part, at any time not later than the 30th day following the Closing Date, to purchase up to an additional 15% of the Offering.

The Company shall be entitled, at its sole option at any time after the second anniversary of the Closing Date, to accelerate the Expiry Date of all but not less than all of the outstanding Warrants on not less than 30 days nor more than 60 days' notice, if the volume weighted average trading price of the Common Shares on the TSX Venture Exchange Inc. (“**TSXV**”) is greater than \$3.00 for the ten (10) consecutive trading days preceding the notice.

The closing of the Offering is expected to occur on or about May 25, 2022 or such other date as is mutually agreed upon by the Lead Agents and the Company (the “**Closing Date**”) and is subject to the approval of the TSXV and other necessary regulatory approvals. The Company will use commercially reasonable efforts to obtain the necessary approvals to list the Convertible Debentures, the Warrants and the common shares issuable upon conversion of the Convertible Debentures and the common shares issuable upon exercise of the Warrants on the TSXV.

If the upper limit of the Offering is raised, the net proceeds of the Offering are expected to be used by the Company: (i) to drill two gas exploration wells at the Sinú 9 Block; and (ii) for working capital and general corporate requirements. The Company may re-allocate the net proceeds of the Offering, giving consideration to its strategy relative to the market, development and changes in the industry and regulatory landscape, as well as other conditions relevant at the applicable time.

The Company anticipates that insiders and President's list subscribers will subscribe for a significant portion of the Offering in support of the Company's business objectives.

The Debenture Units will be offered (i) in all of the provinces of Canada, except Québec, by way of a short-form prospectus; (ii) in the United States by way of private placement pursuant to the exemption from registration provided for under Rule 144A of the United States Securities Act of 1933, as amended; and (iii) in any offshore jurisdictions pursuant to relevant prospectus or registration exemptions in accordance with applicable laws.
