NG ENERGY FILES AMENDED AND RESTATED FINAL SHORT FORM PROSPECTUS

VANCOUVER, BC, May 11, 2022 – NG Energy International Corp. (the “**Company**” or “**NGE**”) (TSXV: **GASX**) (OTC: **GASXF**) is pleased to announce that it has today filed with the British Columbia Securities Commission (the “**BCSC**”) (as principal regulator) an amended and restated final short form prospectus (the “**Amended and Restated Final Prospectus**”) to amend and restate the Company’s final short form prospectus, which was received by the BCSC on April 28, 2022. The Amended and Restated Final Prospectus was filed in connection with the proposed issuance and sale of up to 20,000 convertible debenture units (the “**Debenture Units**”) at a price of \$1,000 per Debenture Unit (the “**Offering Price**”) on a best-efforts, fully marketed basis, for aggregate total gross proceeds of up to \$20,000,000 (the “**Offering**”). The Offering is being co-led by Canaccord Genuity Corp. and Beacon Securities Limited (together, the “**Lead Agents**”) and includes Stifel Nicolaus Canada Inc. (together with the Lead Agents, the “**Agents**”).

The Amended and Restated Final Prospectus reflects updated pricing and deal terms as follows:

- The conversion price of the Convertible Debenture (defined below) will now be \$1.20.
- The exercise of each Warrant (defined below) will now be \$1.40.
- The price at which the Company can accelerate the expiry date of the Warrants (described below) will now be \$2.00.
- The first monthly interest payment will be made on June 30, 2022 and encompass the period from closing to June 30, 2022.

Therefore, in summary, each Debenture Unit will now consist of: (i) one 8% convertible unsecured debenture in the principal amount of \$1,000 (each a “**Convertible Debenture**”) maturing five (5) years from the closing of the Offering (the “**Maturity Date**”); and (ii) 400 common share purchase warrants of the Company (each a “**Warrant**”), with each Warrant entitling the holder thereof to purchase one common share of the Company (a “**Common Share**”) at an exercise price equal to \$1.40 for a period of five (5) years from the Closing Date (the “**Expiry Date**”).

The principal amount of each Convertible Debenture will be convertible, for no additional consideration, at the option of the holder, in whole or in part, at any time and from time to time, into Common Shares prior to the earlier of: (i) the close of business on the Maturity Date; and (ii) the business day immediately preceding the date specified by the Company for redemption of the Convertible Debentures upon a Change of Control (as defined in the indenture that will govern the Convertible Debentures) at a conversion price equal to \$1.20 per share, subject to adjustment in certain events.

The Company has granted the Agents an over-allotment option, exercisable, in whole or in part, at any time not later than the 30th day following the Closing Date, to purchase up to an additional 15% of the Offering.

The Company shall be entitled, at its sole option at any time after the second anniversary of the Closing Date, to accelerate the Expiry Date of all but not less than all of the outstanding Warrants on not less than 30 days nor more than 60 days' notice, if the volume weighted average trading price of the Common Shares on the TSX Venture Exchange Inc. ("TSXV") is greater than \$2.00 for the ten (10) consecutive trading days preceding the notice.

The Convertible Debentures shall bear interest at a rate of 8.0% per annum from the date of issue, payable monthly in arrears on the last day of each month, commencing June 30, 2022. Interest shall be computed on the basis of a 360-day year composed of twelve 30-day months. The June 30, 2022 interest payment will represent accrued interest for the period from the Closing Date (as hereinafter defined) to June 30, 2022. An amount equal to the interest payable under the Convertible Debentures from the closing date of the Offering until the first anniversary of the Offering shall be placed in escrow upon closing of the Offering and shall be paid out to holders of Convertible Debentures on a monthly basis. Interest thereafter shall be paid out of the Company's cash flow.

The closing of the Offering is expected to occur on or about May 25, 2022 or such other date as is mutually agreed upon by the Lead Agents and the Company (the "**Closing Date**") and is subject to the approval of the TSXV and other necessary regulatory approvals. The Company will use commercially reasonable efforts to obtain the necessary approvals to list the Convertible Debentures, the Warrants and the common shares issuable upon conversion of the Convertible Debentures and the common shares issuable upon exercise of the Warrants on the TSXV.
